## *- Information Guide* for FM World UK Business Partners

Welcome to the comprehensive guide on Nutricode's Slim Body System New Generation. This guide is designed to help FM World UK Business Partners understand the benefits, usage, and key selling points of the Slim Body System New Generation supplement. This supplement is specifically formulated to support weight management, reduce cravings, and promote overall well-being.

---

## Ingredients and Their Descriptions

### 1. Glucomannan

- A water-soluble dietary fiber that absorbs water and creates a feeling of fullness.
- Promotes gut health, reduces cholesterol and blood sugar levels, and assists with weight loss.

### 2. Chromium

- Enhances insulin action, maintains stable blood sugar levels.
- Increases lean body mass, decreases body fat, and reduces cravings for sugar.

### 3. Vitamin B6

- Regulates nervous system balance.
- Reduces anxiety and depression symptoms, and helps manage emotional hunger.

## Benefits

- Supports weight loss and management.
- Lowers cholesterol and blood sugar levels.
- Reduces cravings for sugar and unhealthy snacks.
- Increases lean body mass and decreases body fat.
- Addresses emotional eating.

## Best For

- Individuals looking to lose or manage weight.
- Those interested in lowering cholesterol and blood sugar levels.
- People following a low-carb or weight loss diet program.
- Individuals seeking to reduce sugar cravings.
- Those wanting to increase lean body mass and decrease body fat.
- People struggling with emotional eating or anxiety related to weight management.

## Contraindications

- Pregnant or breastfeeding women should consult their healthcare provider.
- Individuals with pre-existing medical conditions, particularly those related to blood sugar levels or metabolism, should seek medical advice.
- Persons allergic to any ingredients listed should avoid this supplement.
- People after gastric sleeve surgery should avoid this supplement.

## Additional information

**INGREDIENTS:** bulking agent: isomalt; glucomannan (contains sulphites), acidity regulator: citric acid; flavouring, sweetener: sucralose; colour: carotene; pyridoxine hydrochloride (vitamin B6), chromium picolinate (chromium). **Allergen Advice:** sulphites.

## Directions

- Dissolve one sachet in 200 ml of warm or lukewarm water.
- Drink immediately, and drink plenty of water after to facilitate passage into the stomach.
- Adults should take one sachet three times per day before meals.
- Do not exceed three (3) servings per day.

## WARNING:

- Drink plenty of water after taking to ensure that the product reaches the stomach, where it should gel.
- If ingested with a small amount of water or by individuals with swallowing difficulties, there is a risk of choking.
- Contains Sulfites.
- Keep out of reach of children.

## Sample Questions for Prospects

Engaging with potential customers through targeted questions can help you understand their health goals and challenges, making it easier to recommend the Slim Body System New Generation. Here are some sample questions to facilitate effective prospecting and selling:

### **1. Are you currently trying to lose weight or manage your weight more effectively?**

Purpose: Identify prospects focused on weight management. Explain how Glucomannan and Chromium support these goals.

### **2. Do you have concerns about your cholesterol or blood sugar levels?**

Purpose: Addressing concerns about cholesterol and blood sugar can highlight the benefits of Chromium.

### **3. Are you following a low-carb or weight loss diet program?**

Purpose: Tailor the discussion to those on specific diets by emphasizing how the supplement can complement their regimen.

### **4. Do you often crave sugar or unhealthy snacks?**

Purpose: Understand eating habits and cravings. Showcase how Glucomannan and Vitamin B6 help reduce these cravings.

### **5. Are you looking to increase your lean body mass and decrease body fat?**

Purpose: Focus on fitness goals and how Chromium can help improve body composition.

Nutricode's Slim Body System New Generation offers comprehensive support for weight management and overall health. By understanding the benefits and identifying the best candidates for these supplements, FM World UK Business Partners can effectively promote and sell these products, helping customers achieve their health goals.

This guide provides a detailed overview of the product, its ingredients, benefits, target audience, and sample questions to facilitate successful sales discussions.
